HARMONIZATION OF NATIONAL GOVERNMENT PERFORMANCE MONITORING, INFORMATION AND REPORTING SYSTEM (PHASE III)	DEPARTMENT OF BUDGET AND MANAGEMENT	Performance monitoring and reporting in the public sector setting vary across agencies. Agencies submit performance reports to various oversight agencies in different formats with some reports submitted only when requested. On the part of the oversight agencies, the use of agency accomplishment reports is observably limited to outputs and activities. Data integrity is also questionable due to many manual procedures required to produce reports. Developing a unified results-based government performance monitoring, evaluation, and reporting system that builds on existing public sector performance framework and systems is a must.	11,000,000.00	1-Jan-14	31-Dec-14
VULNERABILITY AND ADAPTATION ASSESSMENT IN EASTERN SAMAR	CLIMATE CHANGE COMMISSION	The project aims to provide baseline information useful in understanding the area's vulnerability to climate change and the identification and implementation of adaptation options/strategies for integration in development planning.	1,750,000.00	1-Jan-14	30-Apr-15
MPQM MICROFINANCE BATCH 3	CARD-MRI DEVELOPMENT INSTITUTE, INC. (CMDI)	The program intends to assess and strengthen the leadership and managerial acumen of the designated personnel of CARD MRI as well as other Microfinance practitioners like SEDP, Inc., reinforcing their knowledge in microfinance practices.	4,785,000.00	1-Jan-14	30-Sep-15

MASTER IN PUBLIC MANAGEMENT MAJOR IN HEALTH SYSTEMS AND DEVELOPMENT (BATCHES 4-6)	DEPARTMENT OF HEALTH	The Master in Public Management Major in Health Systems and Development (MPM-HSD) Program is the response of the DAP to the requirements of the DOH. The 44-unit MPM-HSD is an 18-month interdisciplinary graduate program for local and national practitioners and policy makers in the health sector. It incorporates the Academy's distinctive features of combining both theoretical and practical cum functional competencies, as well as building stewardship values. Major Program learning areas involve strengthening scientific and technical knowledge and skills on one hand, and developing personal and managerial efficacy on the other. These cover research, planning and implementation of programs on health sector reform and other related initiatives.	23,846,442.67	1-Jan-14	31-Dec-14

CAPABILITY BUILDING ON QMS IMPROVEMENT APPROACHES FOR 2014	PUBLIC SECTOR	Despite recent improvements in competitiveness rankings, the Philippines continue to lag behind its Asian neighbors especially in the areas of doing business, e-readiness, and corruption perception. These just show that the Philippines need to improve government efficiency, business efficiency, and infrastructure. The Academy's Center for Quality and Competitiveness (DAP-CQC) proposes the implementation of various training programs and seminar workshops to effectively broaden the adoption and practice of productivity improvement and good governance approaches and systems among local government units, state universities and colleges, and local branches of the national line agencies.	1,410,316.00	1-Jan-14	31-Dec-14

TRAINING PROGRAM ON PUBLIC-PRIVATE PARTNERSHIP (PPP) FINANCIAL MODELLING FOR THE OFFICIALS FROM THE CENTRAL AND COMMERCIAL BANKS IN BANGLADESH	ASIAN INSTITUTE OF DEVELOPMENT STUDIES, INC.	Public-Private Partnership is one of the pillars that could help boost the current state of Philippine economy. As a priority program of the current administration and to address policy issues, a Proposed Code or Ordinance on PPP for Local Governments has been made possible. This lays down the PPP framework for the local governments and serves as a template guide in other countries where local and fiscal autonomy is enjoyed. Hence, as the Asian Institute of Development Studies, Inc. is requesting for a training program on PPP Financial Modelling in the Philippines, thus this project. This will be participated by Bangladesh officials, coming from Bangladesh Central Bank and commercial banks	380,500.00	24-Feb-14	14-Apr-14

PHASE I OF THE ORGANIZATIONAL DESIGN EFFORTS: REVIEW OF ORGANIZATIONAL STRUCTURE OF THE PHILIPPINE HEALTH INSURANCE CORPORATION (PHILHEALTH)	PHILIPPINE HEALTH INSURANCE CORPORATION (PHILHEALTH)	<p>The organizational assessment will look at the critical changes in the mandate of the organization brought about by the passage of its new charter. It will review the provisions enshrined Republic Act No. 10606 and matched with the interim organizational structure to identify gaps in the delivery of services as required in the new mandate. Furthermore, the new mandate which sets new strategic directions necessitates the identification of key performance indicators to measure its performance. The strategic directions of the PHIC leadership will be vital in envisioning the best structure suited to accomplish this vision.</p> <p>The organizational assessment shall be complemented by benchmarking exercise. It aims to examine, and improve performance of processes used in business operations thru experiential comparison and exchanges with leading and renowned industry players.</p> <p>International and/or local health insurance and related organizations will be visited to serve as benchmarks in the formulation of an organizational structure at par with other industry players. Best practices will be identified for possible localization and adoption to PHIC.</p>	921,200.00	15-Jun-14	28-Feb-15

BDA MONITORING AND EVALUATION (M&E) STAFF RE-ORIENTATION AND SKILLS DEVELOPMENT	BANGSAMORO DEVELOPMENT AGENCY (BDA)	<p>In 2012, the BDA proposed follow-through program which focused on enhancing the Tahderiyyah modules and learning skills of the Tahderiyyah teachers. It was also found out that the M&E capacity of BDA in the previous year of Tahderiyyah implementation was weak. It is noted that M&E staff at the Regional Management Offices (RMOs) of the BDA in the last quarter of 2012 was installed.</p> <p>M&E work is very vital and highly critical in an organization especially in terms of providing data as sources of information of the implementing organization, as well as to the development partners. Seven (7) months after M&E staff in the RMOs were installed, it is evident that M&E system is not yet fully functional and data are either lacking and/or not updated. M&E system at the Central Management Office of BDA is not yet fully established too. Thus, it is highly imperative that M&E capacity of BDA be assessed at its functionality in its present structure and then come up with effective mechanism and strategies to make it more responsive to the needs of both of the Program and BDA's M&E system.</p> <p>Now that 4th Partnership Cooperation Agreement (PCA4) is ongoing, the next step will be to see the program implementation running efficiently at the ground. While it is just in its first quarter of Year 1</p>	179,200.00	23-Jun-14	21-Jul-14

E-LEARNING COURSE ON PRODUCTION AND CERTIFICATION OF ORGANIC FOOD FOR GREATER MARKET ACCESS	APO, AGRICULTURE SECTOR	Organic certification is undertaken based on established regulatory and audit systems that provide operating guidelines and rules, called organic standards. Nowadays, third-party certification is prerequisite to successful sales transaction, and an "organic" claim on a product labels requires such certification under the regulations of many governments. In many developing countries, especially those where organic food production and processing are only beginning to emerge as viable commercial ventures, there is no harmonized standard and hence organic product labeling and certification may be unreliable. This issue needs to be addressed if developing countries in Asia seek to benefit from the expanding international markets for these products. There is also a need to develop a critical mass of inspectors of organic products to facilitate the certification of growers and processors.	100,000.00	15-Jul-14	15-Nov-14
