#### 4. APPLICATION FOR APO SCHOLARSHIP TRAINING PROGRAM

As the country's National Productivity Organization (NPO), the DAP coordinates the projects of the Asian Productivity Organization (APO) through its APO/DAP Secretariat (APO/DAP Sec). APO projects can be implemented online, face-to-face or in hybrid form. They feature scholarship trainings on productivity-related technologies through a combination of lectures by experts, field visits for observation of actual applications, country reports by participants for the sharing of experiences, and other modalities.

The APO/DAP Sec accepts scholarship training applications from Filipinos, which are then endorsed to the APO Secretariat in Japan. The APO Secretariat makes the final deliberations on the applications. All applicants will be asked to fill out and submit the prescribed Candidates Biodata Form (CBF) in electronic form, as required by the APO Secretariat.

Successful applicants are notified by the APO/DAP Sec and are advised to make the necessary preparations for their participation in the training (e.g., country paper preparation) and other requirements if the project will be implemented in a foreign country (e.g., travel order, visa, travel insurance, etc.). All successful applicants will be required to attend a pre-training orientation.

DAP Graduate School of Public and Development Management (GSPDM)

### 9. AVAILMENT OF GRADUATE SCHOOL OF PUBLIC AND DEVELOPMENT MANAGEMENT ACADEMIC PROGRAMS

The Graduate School of Public and Development Management (GSPDM) is the academic arm of the DAP that offers short courses and graduate degree programs in the fields of public management and productivity and quality management for the public and private sectors. Programs are offered in a ladderized mode and can be customized to suit the needs of an agency.

Since 2013, GSPDM has been offering master's degree programs with a 'ladderized' curriculum structure in which the students obtain the Certificate, Diploma and Degree after completing a set of courses.

Under the ladderized mode, the GSPDM awards academic credit units to students who successfully completed a short course, whether it is a public offering or implemented in partnership with other institutions. The said short courses can be accredited to GSPDM's master's degree programs.

GSPDM's academic programs are categorized as follows:

- A. Regular Academic Programs
  - 1. Doctorate Degree
  - 2. Master's Degree
  - 3. Executive Course
  - 4. Certificate Course
- B. Customized Academic Programs
  - 1. Doctorate Degree
  - 2. Master's Degree
  - 3. Executive Course
  - 4. Certificate Course

The regular academic programs are open to the public for enrolment while the customized academic programs are tailored-fit to the needs of the client and may be jointly conducted by GSPDM and the client.

#### 31. APPLICATION FOR APO SCHOLARSHIP TRAINING PROGRAM

As the country's National Productivity Organization (NPO), the DAP coordinates the projects of the Asian Productivity Organization (APO) through its APO/DAP Secretariat (APO/DAP Sec). APO projects can be implemented online, face-to-face or in hybrid form. They feature scholarship trainings on productivity-related technologies through a combination of lectures by experts, field visits for observation of actual applications, country reports by participants for the sharing of experiences, and other modalities.

The APO/DAP Sec accepts scholarship training applications from Filipinos, which are then endorsed to the APO Secretariat in Japan. The APO Secretariat makes the final deliberations on the applications. All applicants will be asked to fill out and submit the prescribed Candidates Biodata Form (CBF) in electronic form, as required by the APO Secretariat.

Successful applicants are notified by the APO/DAP Sec and are advised to make the necessary preparations for their participation in the training (e.g., country paper preparation) and other requirements if the project will be implemented in a foreign country (e.g., travel order, visa, travel insurance, etc.). All successful applicants will be required to attend a pre-training orientation.
